Subject: 2022 Natural Resource Festival is May 10, 2022

Hello!

I hope this email finds you and your family all happy and healthy!

The 4th Grade Natural Resource Festival will be at Baldrige/Riverbottom Park in Montrose on Tuesday, May 10, 2022, 8:00am-3:00pm, and Rain-date Thursday May 12, 2022. This is a day of fun and learning! 4th grade classes engage in activities to learn how we use natural resources (water, air, soil, plants, animals, minerals, and sunshine) daily, their importance to our lives, and how we can better conserve them.

-
Classes will rotate activity stations every 25 min, with a 5 min passing time. There will be 13 rotations – 7 in the morning and six in the afternoon, with a lunch break between. Lunch is provided for volunteers and station presenters.

If you would like to volunteer and/or facilitate a station activity, I can provide some activity ideas and I am open to new ideas also.

On behalf of the Shavano Conservation District, I look forward to your attendance in another educational, entertaining, and successful event. If you have any questions, comments, or suggestions please call or email me.

Thank you! Have a great day!

Mendy Stewart, Education Coordinator
