

Are you a participant in the new Colorado STAR Program for soil health or are you hoping to participate in the future? Maybe you are a member of the State Soil Health Advisory Committee or perhaps you are just generally curious about this program and would like to learn more about it. If so, then please join us at Lunas Taco's and Tequila (806 9th Street, Greeley, CO 80631) on January 25th from 4 to 6 PM after the 2nd day of the Colorado Farm Show. This informal event will allow people involved in the program to meet, mingle and share ideas in a casual setting. There will be a cash bar, light appetizers, and plenty of interesting conversations!

This is a free event but we are limited to 50 attendees so please reserve a spot now at:
